Trainer Profile

All AFA MSP trainers have undergone the rigorous approvals process administered by the APM Group on behalf of the UK Cabinet Office. They are practising programme managers with considerable experience in a wide range of industry sectors. The use of hybrid trainer-managers is of great benefit to delegates and ensures that illustrations and anecdotes have up-to-date validity and that the training given, whilst being true to the syllabus, is also pragmatic.

Location and Duration

AFA open courses are held at approximately monthly intervals at a range of locations across the UK. All venues have been chosen for their modern equipment and ease of access from major road, rail and air routes. Alternatively client events can be arranged either on-site or at a suitable venue nearby. A full open course schedule can be found at <http://www.afaprojects.com/courses/search/>.

This course takes place over four days, including the optional MSP Foundation and Practitioner examinations. Delegates should be aware that considerable evening preparation and consolidation will be required by those who wish to pass the exam. Residential attendance is recommended.

ProjectCoach
AFA is pleased to introduce ProjectCoach, a new premium service which is completely free of charge to AFA clients. This confidential service gives every delegate the opportunity to have a document reviewed by one of AFA's experienced consultants.

AFA Atrium
The AFA Atrium is a secure online document repository, for use by all delegates on AFA's courses. The Atrium will provide a range of value-added resources for use by delegates before, during & after classroom training.
