Trainer Profile

All AFA M_o_R trainers have undergone the rigorous approvals process administered by the APM Group on behalf of the UK Cabinet Office. They are practising risk managers with considerable experience in a wide range of industry sectors. The use of hybrid trainer-managers is of great benefit to delegates and ensures that illustration and anecdotes have up-to-date validity and that the training given, whilst being true to the syllabus is also pragmatic.

Location and Duration

AFA open courses take place approximately every two months at a range of locations across the UK. All venues have been chosen for their modern equipment and ease of access from major road, rail and air routes. Alternatively client events can be arranged either on-site or at a suitable venue nearby. A full open course schedule can be found at <http://www.afaprojects.com/courses/search/>.

This course takes place over one day.

AFA has always played a full part in the Best Practice community. AFA trainers and consultants have served on the editing and review teams for all recent updates of the guidance manuals. Several AFA trainers are examiners or assessors for one or more of the methodologies.

ProjectCoach

AFA is pleased to introduce ProjectCoach, a new premium service which is completely free of charge to AFA clients. This confidential service gives every delegate the opportunity to have a document reviewed by one of AFA's experienced consultants.

AFA Atrium

The AFA Atrium is a secure online document repository, for use by all delegates on AFA's courses. The Atrium will provide a range of value-added resources for use by delegates before, during & after classroom training.

What is M_o_R?

M_o_R (Management of Risk) is a holistic, repeatable and transparent framework for managing risk. Risk is uncertainty that matters. It is posed by any event that might occur which would affect an organisation's ability to meet its business objectives. It includes both threats and opportunities.

The Overview course gives delegates a brief insight into the Principles, Perspectives and Techniques which are used throughout M_o_R.

Attending the Overview course will give you the opportunity to see if you wish to learn more about the method by either attending our 3 day Foundation course or 5 day Foundation & Practitioner course.

We would be pleased to provide a quote for an in-house event, based on location and delegate numbers. Course timetables can be tailored to meet client requirements. Please contact us for further information.
