Why AFA?

AFA was established fifteen years ago as a management consultancy organisation. In 1996 AFA became one of the original group of PRINCE2® Accredited Training Organisations under the scheme administered by APM Group on behalf of the Office of Government Commerce. AFA quickly established a reputation for being able to deliver training courses that combine excellent exam pass rates with realistic and practical guidance ensuring maximum skills transfer.

AFA continues to specialise in the Best Practice methods, becoming accredited at the earliest possible opportunity to deliver training in:

- MSP™ programme management
- M_o_R® risk management, and
- P3O® portfolio, programme and project support offices

AFA's ethos is to work with client organisations, retaining existing robust processes and further developing them in line with Best Practice guidance. Training events are often tailored to suit the current level of understanding within an organisation; a pathway of progression can be offered to allow understanding and skills to develop and grow.

AFA has always played a full part in the Best Practice community. AFA trainers and consultants have served on the editing and review teams for all recent updates of the guidance manuals. Several AFA trainers are examiners or assessors for one or more of the methodologies. AFA was represented on the review panel for the PRINCE2:2009 refresh and piloted the corresponding examinations.
